

CALIFORNIA ASSOCIATION OF
PUBLIC HOSPITALS AND HEALTH SYSTEMS

INCREASING ACCESS TO SPECIALTY CARE FOR CALIFORNIA'S SAFETY NET

Round Table Forum on Fuller Scope of Practice

The California Association of Public Hospitals and Health Systems/Safety Net Institute; and the California Primary Care Association have developed a partnership to collectively address the widespread problem of access to specialty care for California's uninsured population. The partnership is continuing the series of roundtable forums started in 2007 to spread knowledge, share promising practices and increase networking between providers. Each forum focuses on a specific topic and includes a mix of presentations by leading providers, open discussions to explore issues, and opportunity for networking. The lessons learned and highlights of each roundtable will be documented and broadly shared.
