

Exercise I Worksheet

Organization Name: _____

1. What is your organization's **aim** for improvement for this collaborative? (Include numerical goals.) If you have already written an aim statement and do not wish to make changes, go to next item.

2. Given the above aim, your numerical goals will determine which **measures** you will track monthly. How will you collect the data?

3. Do you have the right **team** to accomplish this aim? What other resources do you need to accomplish the aim?

4. Given your aims and what you have learned today, what **changes** will you try that will help you reach your aim? (Share notes from breakouts/change package.)
